

The Broke Beginner's \$100 Playbook

My Exact Steps From Zero to
First Sale in 48 Hours

The Broke Beginner's \$100 Playbook

This is the real story of how I made my first \$100 online in just two days. I had no followers, no email list, and no money. If you're starting from scratch, this playbook is for you. I used a product called Perpetual Income 365, and this guide will walk you through everything I did – step by step.

Why I Chose Perpetual Income 365

I looked for a product that met three conditions: low cost to start, good commission, and easy to understand. Perpetual Income 365 costs only \$9 to join and has upsells that earn you more money later. It also comes with a full system to help beginners make sales without building a website or spending money on ads.

The Free Tools I Used

- Linktree – to share my links in one place
- Canva – to make simple graphics and my bonus guide
- Reddit – to post about my journey
- Facebook groups – to talk with people and offer value
- Google Docs – to write and share my mini-guide

My Daily Plan (Overview)

This is what I did over two days. Each step helped build momentum and create real results. You can repeat this process for any similar product.

1. Day 1: Set up tools, created a bonus guide, posted in groups
2. Day 2: Followed up, shared progress, DM'd people who asked questions

My Posts That Worked

Here's one of the exact posts I used on Reddit and Facebook:

\$37 in 1 Day – from scratch.

I'm doing a 48-hour challenge to make \$100 online without any followers or paid ads.

I found a \$9 product and shared my progress in groups.

What I Learned

I learned that people don't need you to be an expert. They just need help and proof that you're trying something real. Being honest about my journey made people trust me.

Start Your Own \$100 Challenge

You can do exactly what I did. Choose one product, create a short guide, post in groups, and talk to people like a real human. If I can make \$100 in two days with zero followers, you can
